

Instructions Auditioning in person or for

Self-taping submissions (Auditions) – Please Follow the directions carefully -

- 1.) If you are coming you must Bring of everything... 2 headshots with a resume attached photo & 2 filled out casting sheets. These can be found on LA Casting under each role or just go to my link <https://www.samuelwarren.com/acting-classes.html> Scroll all of the way down to where it reads “Casting Notices” & select whatever sides/scenes or information that is needed.

For those who are self-taping instead of coming to the audition – Deadline is Friday by Noon 3/20/20

- 2.) The self-tape must contain the slating of their name, the role they are seeking, age if the talent is a minor & representation or indicate if they are freelancing & giving their parent if minor or their contact cell number if they are an adult.
- 3.) A phone number must be given on tape & within the email... along with posting their head-shot & resume. One Photo is enough with the self tape
- 4.) After giving the information on tape the talent should sing their song & dance in place... staying within the camera frame. Talent will only sing if their role require them to sing a song from the character breakdown – so be sure to check it out. All talent should dance a little to 1980's music if the have no song to sing Some roles do not have a song in the breakdown with a you-tube link.
- 5.) Finally, the talent does their lines to the camera with a reader off camera saying the other lines in the scene with them. At the end, the talent slates their name again & gives their contact information. The self-tape video should be put into a link – either for vimeo or for you-tube. Do not use a we transfer file. The talent's info is to be sent into one email a not into multiple emails.
- 6.) Direct all emails to swarren07@live.com & cecilecfolwarski@gmail.com & they should cc themselves & or their representation if the talent isn't freelancing or self-submitting.
