(1) Lupita Role / \$800 + 20% (if repped)

Will be need for two days, studio + exterior location in East County (TBD)

Female / late 20's or early 30's / Latina with Mexican accent

Feisty and never one to back down to any man, Lupita is a lady ahead of her time in the Old West. She hates being a damsel in distress, but may have more up her sleeve than she's letting on...

Lupita Character Lines for self-tape (Lupita needs to show two different sides, she pretends to be a damsel in distress at first, then we learn she was behind the missing diamond plot all along):

Her damsel in distress:

"Ayudame! Help! Help me, por favor! No, no, wait... Don't untie me or come any closer, there is no time. You need to find the diamonds before someone else does. I'll be ok. Apuranse!"

Her In the villain mode attitude:

"Surprised to see me here? Hahaha! I am the actual diamond bandit! "La bandita diamante!" Has a nice ring to it, don't you think? I've tricked you, and now you're trapped here! Adios..."

(2) Samuel Clemens Role / \$500 + 20% (if repped)

Male / late 40's or early 50's / Slight old west accent

A would-be-entrepreneur, Clemens has a big personality and can pour on the charm—but usually to his company's detriment. Seemingly always scheming, Clemens won't think twice about harming others to take what he thinks is his.

Samuel Clemens Character Lines for self-tape:

"Those are my diamonds, not yours! I found em fair and square... Well, maybe not completely fair. Don't listen to her! Listen to me, your new pal, Samuel Clemens... Help me find my diamonds and I'll pay you handsomely. Maybe even split the haul with you. Do we have a deal?"

(3) The Doofus Role/ \$500 + 20% (if repped)

Male / mid to late 20's / Slight old west accent

Confused, not right in the head, call him what you will the Doofus roams around town following the wind and whatever adventure calls his name. The townsfolk regard him as mostly harmless and well-meaning, but he's been known to drag others into danger with him.

The Doofus Character Lines for self-tape:

"Howdy! Don't worry about that their lady on the tracks. I'll untie and rescue her fore that train comes through. At, I think I can... Where did I put my knife? Oh, before you go looking for the diamonds, make sure you follow these rules..."
